Benefits of Our Air Sanifiers®

Up to 99% Allergens

Don't let allergies win! Air Oasis air purifiers can greatly reduce the amount of mold spores, pet dander, dust mites, and other allergens in your home.

Up to 99% Odors

Get rid of unpleasant smells and breathe easier. Our products can eliminate the volatile organic compounds that cause offensive odors in the home.

Up to 99% Mold

Studies conducted at West Texas A&M University showed that Air Oasis air purifiers can greatly reduce the amount of mold spores in the air.

Up to 99% Germs

Your home could be germ-free! Our air purifiers emit specific wavelengths of ultraviolet light that are effective in killing airborne germs.

No Filter

Air Oasis air purifiers are more efficient in ridding the air of contaminants than a HEPA filter.

Maintenance Free

Air Oasis products are long-lasting and require very little maintenance.

Energy Efficient

Our air purifiers operate on only a fraction of the energy that other products use.

Long Range

Sanitize large areas without taking up lots of space with our compact air purifiers.

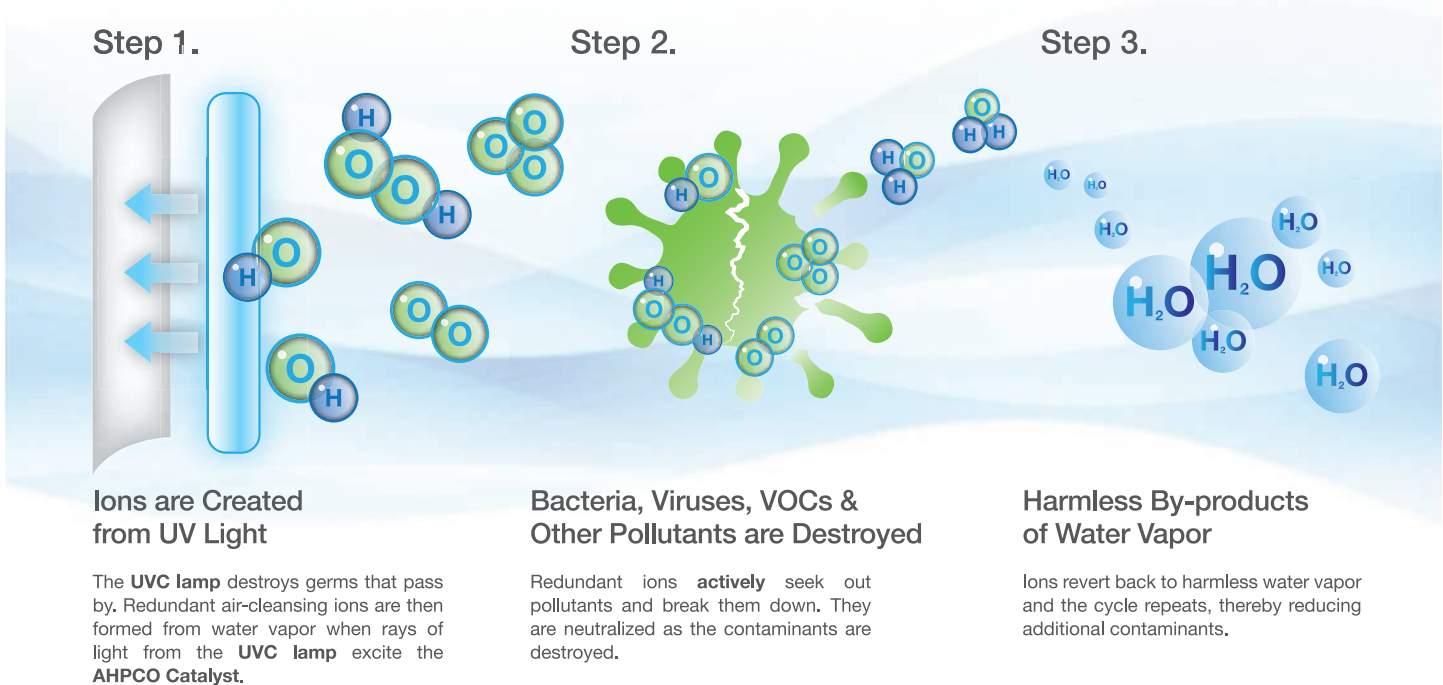

Superior Technology, Proven Results

AHPCO Technology Developed by NASA

The proprietary patent-pending Air Oasis AHPCO catalyst is superior to any PCO catalyst currently on the market. The AHPCO catalyst contains six rare catalyst metals. We also incorporate nano size particles and special hydrating agents to increase the kinetic rate of reaction providing clean air fast! This breakthrough technology, originally developed by NASA, does not rely on filters and is virtually maintenance free. In fact, in many circumstances our AHPCO technology reduces contaminants more efficiently than a HEPA filter without the high cost of replacing filters on a regular basis.

AHPCO Technology Replicating Nature and The Sun

The Air Oasis Mobile Sanifier® 175 is a small air purifier that cleans the air in areas up to 250 square feet. This makes it ideal for vehicles, utility rooms, bedrooms, offices, hotels, RVs, boats, and much more. This travel air purifier comes with a DC adapter, so it can be plugged into your mobile home, car, or truck. For those who enjoy traveling with pets, this unit is great for reducing odors and pet dander that get trapped within your vehicle. The Air Oasis Mobile Sanifier® 175 is the best portable air purifier for travelers because it also eliminates the odors left behind from carbon-based allergens, cigarette smoke, and volatile organic compounds (VOCs).

Product Sheet | By Air Oasis

This unit is perfect for customers who want to improve their indoor air quality (IAQ) on the go. This unit can easily be used as a desktop air purifier in an office or on a countertop. It can then be moved to your car, home, or hotel room! This versatile unit comes with a padded carrying case, a DC car adapter, 100-240V wall adapter, and a mounting bracket to secure it to your car, boat, RV, and more! This portable UV sterilizer goes where you go, so you can have fresh air in all of your residential areas!

The Air Oasis Mobile Sanifier® 175 has three output settings, leaving you in total control of your air. It is very low-maintenance, and the washable stainless-steel dust guard never needs replacing. With our one-year limited warranty, you can rest assured that no parts will need to be replaced for a full year!

How It Works

Our Air Oasis Mobile Sanifier® 175 works by utilizing the AHPCO (advanced hydrated photocatalytic oxidation) technology developed by NASA and enhanced by our Air Oasis research and development team, including Dr. Jeff Bennert, Jon Bennert, and Dr. Nabarun Ghosh.

The AHPCO technology works by destroying germs as they pass through UV light. The light rays then react with the AHPCO catalyst to produce catalytic molecules, which seek out and destroy odor-causing carbon-based molecules. These molecules are then converted into carbon dioxide and water-replacing harmful allergens in the atmosphere with fresh, clean air.

The Benefits of a Small Air Purifier

There are many benefits to using a small desktop air purifier. The Air Oasis Mobile Sanifier® 175 is great for clearing out common carbon-based allergens like smoke, mold, viruses, bacteria, and much more. Our units are also the best choice for getting rid of pet odors and bathroom odors and reducing MRSA in the air of hospitals and schools. Our portable air purifiers have also been proven to improve the overall IAQ of offices in old buildings, hair salons that contain harmful VOCs from chemicals, and child care facilities.

Our Air Sanifiers® are durable and made in the U.S. We take pride in hand-assembling each of our units and even build many of our own internal components in-house. When you purchase from Air Oasis, you can feel great knowing that you're receiving only the highest-quality products available. If you have any questions or concerns, simply contact us online or give us a call at 1-800-936-1764.

Features

Simple Operation: The Air Oasis Mobile 175 Air Sanifier has 3 output settings, and 3 fan speed settings, leaving you in control of your air.

Virtually Maintenance Free:

- No routine maintenance to perform
- Stainless steel dust guard never has to be replaced
- AHPCO cell only needs replacing every 12 months

Optional Settings:

- 3 ion output settings (Low/Med/High)
- 3 fan speed settings (Low/Med/High)
- LED lights (Indicates ion and speed settings)

Noise:

- Whisper quiet operation

Operational Settings:

- High/Low Settings

Durable Construction:

- ABS with soft touch coating
- Polycarbonate
- Stainless steel

Accessories Included:

- Padded carrying case
- Removable mounting bracket
- 110 VAC power adapter
- 12 VDC car adaptor

Warranty:

- 1 year warranty

Product Specifications

Product Name:	Mobile Sanifier® 175	
Model Number:	MBL175B (soft black) / MBL175W (soft pearl white)	
UPC:	854663003065 (black) / 854663003072 (white)	
Product Dimensions:	Not Packaged: 4" x 7" x 1.5"	Packaged: 9" x 6" x 4"
Weight:	Not Packaged: 1 lb	Packaged: 2 lbs
Electrical Specs:	12 VDC, 11 Watts	
Cord Length:	6 feet	
Airflow:	4.73 CFM	
Square Foot Coverage:	250 sq. ft.	
Settings:	3 ion-output and 3 fan-speed settings (LO, MO, HI)	
Negative Ion Output:	500000/cm3	
Materials:	Polymers (ABS and PC) / stainless steel dust guard	
Working Temp:	0°-122°F	
Warranty:	1 year limited	
Safety Approvals:	Conforms to Standards: UL-867 and EN-60335 	
Replacement Parts:	1 year replacement AHPCO Cell Model Number: AHPCOmb175B AHPCOmb175W	
Country of Origin:	Final assembly in U.S.A. with foreign parts. Quality inspected in U.S.A.
